

EUROMAT 2019 / Raw Materials

SYMPOSIUM: 2

Title: Emerging Sciences and Technologies of Materials		
Organizer	Institution	Contact email
Min-Ha Lee	KITECH	mhlee1@kitech.re.kr
Jürgen Eckert	University of Leoben	juergen.eckert@unileoben.ac.at
Atsufumi Hirohata	University of York	atsufumi.hirohata@york.ac.uk
Anja Waske	IFW Dresden	a.waske@ifw-dresden.de
Alan Hurd	Los Alamos National Laboratory	ajhurd@lanl.gov
Kee-Ahn Lee	Inha University	keeahn@inha.ac.kr
Abstract		
<p>This symposium will focus on the applications of raw materials research with related merging technologies such as advanced materials processing, functional materials, advanced powder metallurgy, nanocomposite materials, energy materials, and characterization & modeling. All main aspects of these materials will be covered, including synthesis, mechanism, microstructures, properties and applications. The symposium will provide the latest research results and a state-of-the-art overview of technology in the exciting and rapidly evolving field of applications of raw materials.</p>
